

SECURITY

Our Ministry stream is under the auspices of Pastoral Assistance ministry stream. We established a security that we entitled, THE SECURITY FORCE TEAM also known as, "SFT". It is in place as a professional team that is proficiently strong in its organizational structure. It will be numerous in its personnel enough to keep people and property secure in lieu of the expected growth that we are encountering as we continue to grow towards the mega ministry of COPIM.

Our foundational scripture is: ROMANS 13:1-3

Let every soul be subject to the governing authorities. For there is no authority except from God, and the authorities that exist are appointed by God. Therefore whoever resists the authority resists the ordinance of God, and those who resist will bring judgment on themselves. For rulers are not a terror to good works, but to evil. Do you want to be unafraid of the authority? Do what is good, and you will have praise from the same.

WHAT WE DO AS A SECURITY TEAM

We keep a secure atmosphere at all times that is conducive for worship. We tactfully help maintain a safe environment for all who attend COPIM .We handle security crisis on a professional level with the least amount of distraction when at all possible.

The Coordinator of the security team is, Donnie Taylor. He is married and is the father of one son named, Denorris Taylor. His wife is named Carolyn Taylor, she and he are both very active at COPIM. He served as head of security at Academy Cathedral in Inglewood Ca under Pastor Doyle Hart. He is a retiree from the Los Angeles Airport.

Please contact Donnie Taylor
