

# Singles Ministry

This ministry is designed for men and women that are single by chance, single by change, or single by choice. "Every ministry in the church has unique needs and gifts... children, youth, men, women married etc. Because we have put emphasis on these ministries for so long, we have inadvertently forgotten the singles and have led them to believe we don't expect them to be involved in ministry.

*The apostle Paul said "that for ministry it is better to be single!" (1COR. 7; 25-35)*

## HERE IS WHAT YOU CAN DO IN THE SINGLES MINISTRY

- Reach out the other singles and help them see that they ARE the church, and to help them come to a place of ministry
- Help (COP) become more aware and involved with the numbers of, needs and issues of the single and single-again people, around us.
- Develop a mentality of acceptance and wholeness of MINISTRY TO, FOR AND THROUGH this ever-increasing segment of society.

It is time for our church to think new thoughts... to be bold and creative as it reaches out to an increasingly "non family community. Please help me in making this ministry a victory as God has made us.

## Sherry Lewis- Coordinator

The Lord led me to this church in 2003. I have had nothing but blessings since I have been here. I am proud to be apart of leadership in the single ministry. I accepted the call to lead this ministry because as singles, we must show the world that we can have balance, have fun, and serve the Lord. Please join myself and other singles, in a new life of balance, while waiting for what God has in store for us. Put God first and everything else will follow, God bless.
